Dr. H. A. Cassoltt of Morris Plains Buys at 146 West Seventleth Street and Bernard Chrystal at 836 West Seventytirst Street-Good Bronx Plot Sold.

A gratifying feature of yesterday's brekerage news was the large proportion of items relating to purchase of private dwellings. Most of the houses of this sort that changed hands were on the West Side. Evidently the demand this year for residences for fall occupancy is limited chiefly to premises of moderate cost, as comparatively few sales are being reported from the fashionable East Side quarter. On the ther hand the dealing on the West Side is ruge enough to be an important element the current inactive market. It is said of West Side brokers that dwellings in their section are bringing normal prices, although, as is well known, East Side prices are very much lower than they were a year ago.

NEW YORK CITY.

Although not an apartment hotel, the Algonquin desires to increase its family patronage. Less than twenty per cent. of the Algonquin is occupied by permanent guests, the remaining eighty per cent. is devoted to transients.

This combination of permanent and transient has a double advantage. To the travelling public it offers a quiet hotel of established character; to the permanent resident it affords better service than the regular apartment hotel, while the orderly hum of industry, the coming and going of prominent people, makes hotel life interesting, and dis-turbs not at all the homelike atmosphere of refinement.

Apartments any size, \$600 per room per year, including regular hotel service, furniture, linen, light, etc.
